律动，探索型儿童游乐设备智造商

Lvdong, Intelligent Manufacturer Of Exploratory Children's Amusement Equipment

苏州律动游乐设备有限公司创立于2015年，作为国内首批专注高端无动力游乐设备的企业，十余年匠心深耕，以创新实力与前瞻视野，奠定律动在中国儿童游乐领域的领跑者地位。我们提供涵盖“高端创意定制、智创标准设备、前沿科技互动”的综合解决方案与产品，不仅是游乐设备的创造者，更是儿童成长梦想的筑梦人，致力成为全球儿童探索游乐引领者。

公司拥有超过10000m²的现代化智能生产基地，以严格的标准化质量管理体系，构筑了从研发、设计、生产、安装、售后的一体化全产业链服务能力。业务遍布全国，已成功落地超1000个项目，覆盖市政公园、高端社区、文旅景区、学校教育等多元场景。律动启动全球化战略，立足中国，放眼全球，逐步开拓海外市场。

律动秉持“陪伴、智慧、探索”的核心理念，整合产学研资源，将科技互动技术与无动力设备创新融合，推出融合地方文旅特色的高端定制方案以及满足全年龄段需求的标准化产品。公司践行绿色发展理念，打造低能耗、更安全的游乐设施，助力低碳乐园建设与可持续发展。

Suzhou LvDong Amusement Equipment Co., Ltd., founded in 2015, is one of China's pioneering enterprises dedicated to premium unpowered amusement equipment. With over a decade of craftsmanship, innovation, and strategic foresight, we have established a leading position in the domestic children's amusement industry. We provide comprehensive solutions and products covering high-end creative customization, smart-standard equipment, and cutting-edge technological interaction. We are not only creators of amusement equipment but also builders of children's growth dreams, aspiring to be a global leader in children's exploratory play.

The company operates a modern, intelligent production base spanning over 10,000 square meters, supported by a rigorous standardized quality management system. We have established an integrated full-industry-chain service capability, encompassing R&D, design, production, installation, and after-sales support. With our business reach extending nationwide, we have successfully implemented over 1,500 projects covering diverse scenarios such as municipal parks, high-end communities, cultural tourism sites, and educational institutions. LvDong has launched its globalization strategy, rooted in China while looking to the world, and is progressively expanding into overseas markets.

LvDong upholds the core philosophy of "Companionship, Intelligence, and Exploration". It integrates industry-academia-research resources, innovatively combines technological interaction with unpowered equipment, and launches high-end customized solutions that integrate local cultural and tourism characteristics as well as standardized products meeting the needs of all age groups. The company practices the concept of green development, creates energy-efficient and more secure amusement facilities, and contributes to the construction of low-carbon parks and the achievement of sustainable development.

智趣相投：科技智慧赋能陪伴

Intelligence & Fun: Technological Wisdom Empowers Companionship

为了让孩子的好奇心不被辜负，让亲子交流更加顺畅，律动将前沿科技融入每一次互动体验。我们重视技术创新与产学研合作，以高标准打造科技互动创意产品，在玩乐中激发学习乐趣，让科技真正成为启发未来的温暖纽带。

To ignite children's curiosity and facilitate smoother parent-child communication, LvDong integrates cutting-edge technology into interactive experience. We value technological innovation and industry-academia-research collaboration, crafting high-caliber tech-driven interactive creative products. By sparking the joy of learning through play, we make technology a warm bridge inspiring the future.

安心之境：绿色安全双重守护

Realm of Reassurance: Dual Protection of Green & Safety

为了让孩子在游乐时无畏边界，让父母在凝望时放下牵挂，律动将极致防护藏于360°的守护之中：承载五倍体重的力学结构，符合人体工程的匠心打磨，绿色环保的安全材料，15年长效陪伴，让每一次探索游乐都安心畅快。

To empower children to explore boundlessly and grant parents peace of mind, LvDong weaves ultimate protection into a 360° safeguard. A structural design supporting five times body weight, ergonomically crafted designs, eco-friendly safety materials, and 15 years of lasting companionship—all weaving a gentle safety net, making every exploration and playtime carefree and joyful.

探索不止：多变产品伴随成长

Keep Discovering: Your Child's Playmate Through the Years

为了让快乐不随年龄褪色，律动将探索的品牌基因融入设计，产品如乐趣之树，根植于模块化设计与可升级组件，枝叶随孩子的好奇心不断伸展，让“下次还想玩”成为期待。

To ensure joy never fades with age, LvDong integrates its core brand DNA of "exploration" into every design. Our products are like trees of fun, built on modular design and upgradable components, with their branches extending with a child's growing curiosity, making "I want to play again next time" a lasting anticipation.

共生长：亲子携手同频游乐

Symbiotic Growth: Parent-Child Play in Perfect Harmony

为了搭建“亲子共学”的桥梁，让孩子走出屏幕、拥抱自然，律动通过全年龄段产品设计，为父母提供更多与孩子共处的契机，在玩乐中同频共振，加深情感链接，让每一次玩乐成为家庭共生长的印记。

To build a bridge for "parent-child co-learning" and encourage children to step away from screens and embrace nature, LvDong offers all-ages products, creating more opportunities for parents and children to connect, resonate through play, and deepen emotional bonds—making every playtime a lasting imprint of symbiotic family growth.

智创标准件 高品质 + 高适配

SMART-STANDARD PRODUCT — HIGH QUALITY & HIGH COMPATIBILITY

“易拼装、高适配、长寿命”的标准化游乐解决方案及产品，适配多种空间快速改造

Standardized amusement solutions and products featuring "Easy Assembly, High Compatibility, Long Service Life" are ideal for rapid diverse space renovation.

四大优势

FOUR CORE ADVANTAGES

模块化设计

Modular Design

采用模块化拼接设计，可根据场地大小 (50-500m²) 自由组合，24 小时内完成安装调试 (数据需确认)，解决社区“微空间改造”“校园课间游乐”的快速落地需求。

Featuring a modular splicing structure for flexible layouts (50-500m²), it enables installation and commissioning within 24 hours (data to be confirmed), perfectly meeting the rapid implementation needs of community micro-space renovation and campus recess play zones.

15 年生命周期

15-Year Lifespan

产品选用如抗紫外线涂层、防腐木材等耐候性材料，符合力学稳定原理，大幅降低运营成本，让客户“一次投入，长期安心”。

The products adopt weather-resistant materials such as anti-UV coatings and anti-corrosion wood, comply with mechanical stability standards, and significantly reduce operational costs — allowing customers to "make a one-time investment for long-term peace of mind."

安全隐形守护

Invisible Safety Protection

依托现代化、标准化的生产工厂，公司对产品的质量与安全实施全方位的精密把控，确保产品质量与安全。

Backed by modern, standardized production facilities, the company implements comprehensive and precise control over product quality and safety, ensuring full compliance with safety standards.

细节见证品质

Witness Quality

产品出厂前均经过极端风险测试，同时在标准化生产中植入“无感安全”设计，并通过色彩心理学适配不同场景，从每一处细节兼顾安全与体验。

All products undergo extreme risk testing before delivery. We integrate "imperceptible safety" design into standardized production and apply color psychology to suit diverse scenarios, ensuring both safety and experience are refined in every detail.

TECH& ECO SERIES COMPACT LAMINATE

产品游戏价值

PRODUCT PLAY VALUE

屋顶

逻辑认知: 对于空间的认知, 理解屋顶赋予物体的意义, 理解对象功能性。

Roof

Logical Cognition: It helps develop spatial cognition, enabling children to understand the significance of roofs to objects and the functionality of such structures.

滑杆

协作交流: 通过上下攀爬时会面、社交和轮流玩耍。

身体素质: 从膝盖悬挂时发展平衡感和核心力量、攀爬、翻滚时, 手臂、腿部和核心肌肉得到发展。平衡和空间意识得到加强。

Slide Pole

Collaborative Interaction: It encourages meeting, socializing, and turn-taking while climbing up and down.

Physical Fitness: Hanging from the pole with knees develops balance and core strength. When climbing and tumbling, arm, leg and core muscles are developed, and balance and spatial awareness are enhanced.

无障碍楼梯

协作交流: 活动休息和成人助手的空间, 这是一个包容的空间。

身体素质: 支持发展交叉协调以及手臂和腿部肌肉。对于年幼的孩子, 可以训练步行走上楼梯和双脚交替。楼梯外侧栏杆可以发展手部和肌肉力量。

Accessible Stairs

Collaborative Interaction: It is a space for activity breaks and adult assistance, fostering an inclusive environment.

Physical Fitness: It supports the development of cross-coordination and arm and leg muscles. For young children, it helps practice walking up stairs and alternating feet. The outer handrails of the stairs can enhance hand and arm muscle strength.

爬桶

创新启发: 设定一个有形的主题, 即代表冒险戏剧性发挥。从一个空间转移到另一个空间。

身体素质: 攀爬时训练平衡、协调和空间意识。比如在判断距离和交通安全方面, 攀爬运动可以训练手臂、腿部和核心肌肉。

Climbing Barrel

Creative Inspiration: It features a tangible theme that embodies dramatic adventurous play, allowing children to move from one space to another.

Physical Fitness: Climbing enhances balance, coordination, and spatial awareness. Through judging distances and navigating movement safely, children strengthen their arms, legs, and core muscles.

爬网吊桥

创新启发: 摆动的高度和速度有助于孩子判断距离和高度。

协作交流: 摆动的高度和速度支持孩子之间互相扶持, 在判断时, 培养他们的同理心和合作能力。

平衡能力: 实际考虑摆动安全范围, 允许连接之间的脚步位置, 从而在站立时易于使用, 发展肌肉力量。

Net Climbing Suspension Bridge

Innovative Inspiration: The swing height and speed help children judge distance and elevation.

Collaborative Interaction: The swing height and speed support children to help each other, fostering their empathy and cooperation skills during judgment.

Balance Ability: The safe swing range is carefully considered, with optimized foot placement between connections for stable standing, helping children develop muscle strength effectively.

益智板

动手能力: 通过益智板的小游戏可以训练手和手指的灵活性。

创新启发: 简单多样的游戏模块可以训练启发新想法和智力开发。

Play Panel

Hands-on Skills: The mini-games on the panel help train dexterity and flexibility in the hands and fingers.

Innovative Inspiration: Simple and diverse game modules inspire new ideas and promote intellectual development.

滑梯

逻辑认知: 儿童在快速滑下时发展他们对空间、速度和距离的理解认知。

平衡能力: 实际考虑摆动的安全范围, 培养孩子的空间意识和平衡感, 此外, 在坐下时训练核心肌肉。

Slide

Logical Cognition: Children develop an understanding of space, speed and distance as they slide down rapidly.

Balance Ability: The safe sliding range is considered, which fosters children's spatial awareness and sense of balance. Additionally, it trains their core muscles when they sit to slide.

主题

逻辑认知: 给组合滑梯设定一个有形的主题, 即代表冒险戏剧性发挥。

Theme

Logical Cognition: A tangible theme is set for the combination slide, representing adventurous and dramatic play.

 is an adventurous invitation penned by
 the wind and petals,
 Every time you bend down to explore,
 it gently awakens the curiosity and
 senses of the little fairies.

URBAN ADVENTURES

趣行都市

趣行都市

趣行都市以川流不息的密语
 将交通法则谱成可触摸的立体绘本书
 这片被红绿灯点亮的街道乐园
 每一道车影与路标
 都是轮胎与道路合奏的认知音符
 每一次驻足观察
 都是对小小城市探索家洞察力与规则的启
 蒙诗篇

Fun walks through the city are filled with a continuous flow of whispered secrets, turning traffic rules into a tangible three-dimensional picture book. This street playground lit by traffic lights, every shadow of a car and road sign, is a note of cognition composed by tires and roads. Every pause to observe is a poetic lesson that enlightens the insight and understanding of rules in young urban explorers.

VOYAGE OF WONDERS

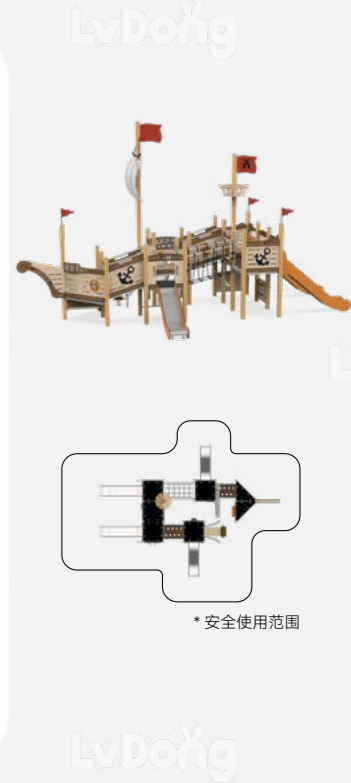

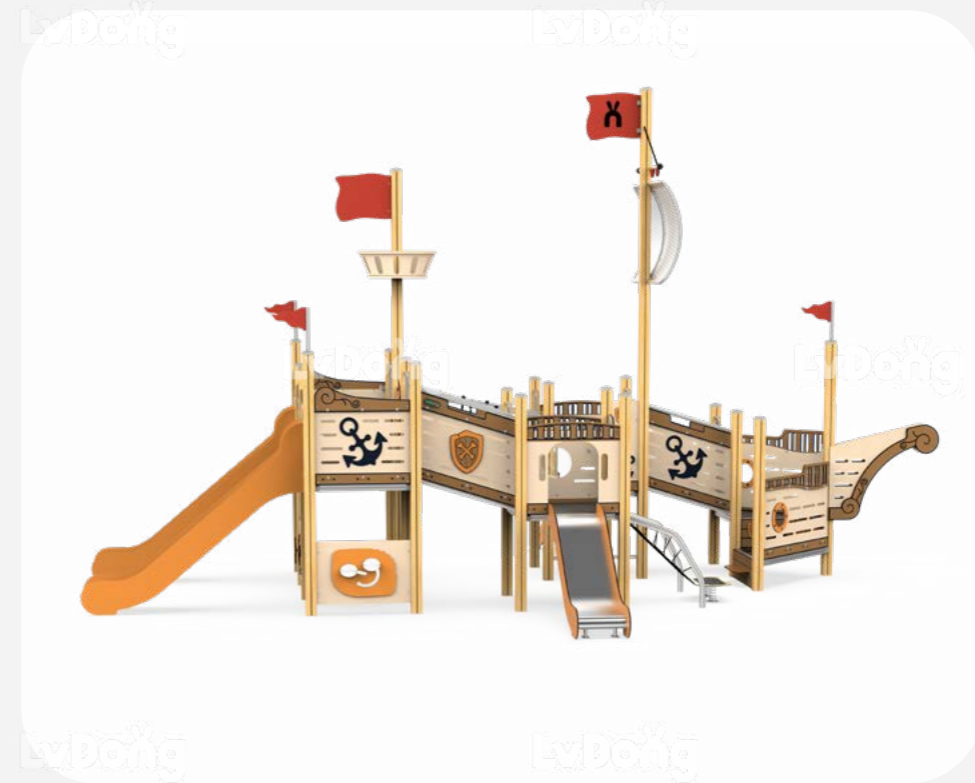

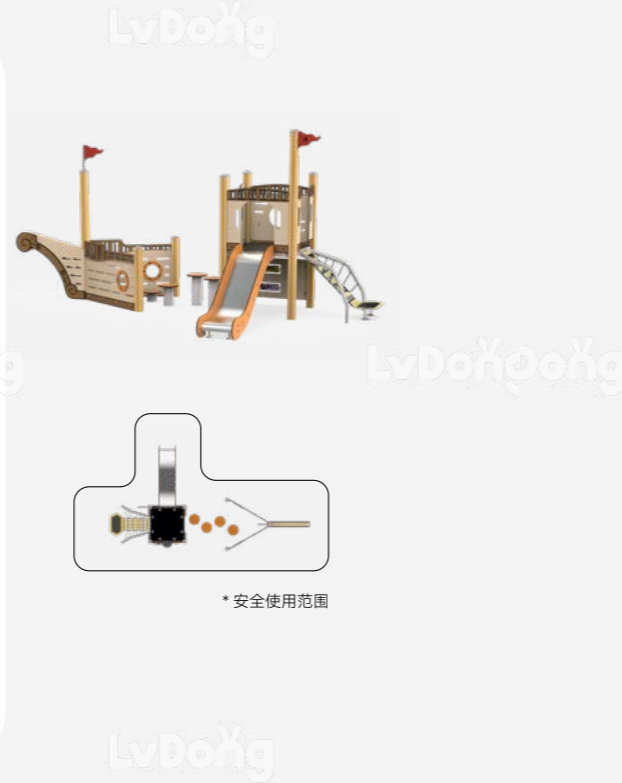

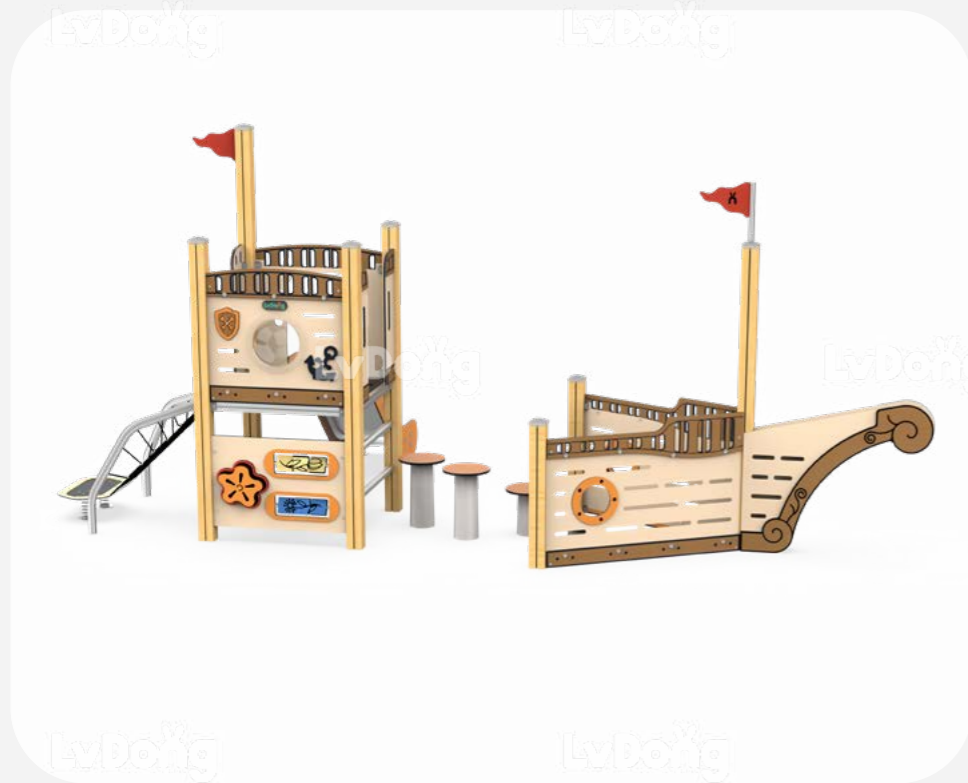

浩瀚奇航

浩瀚奇航

浩瀚奇航以海洋与星河的传说
 将乘风破浪的勇气锻造成可掌舵的冒险船舱
 这片由季风指引的甲板乐园
 每一面罗盘与桅杆
 都是海浪与想象力共绘的探索航线
 每一次扬帆穿梭
 都是对小小航海家协作力与胆魄的荣耀加冕

The Vast and Wonderful Voyage draws on the legends of the ocean and the stars, shaping the courage to brave the waves into an adventurous cabin you can steer. This deck paradise, guided by the monsoon, has every compass and mast charting an exploration route painted by the waves and imagination. Every time the sail sets and sails navigate through, it is a glorious coronation of young sailors' teamwork and bravery.

Sparks blazing across the land carry the
secret whispers of the earth and the
stars, forging the campfires in the forest
and the morning light into tangible, warm
fortresses. This ancient tree valley, dyed
by the sunset glow, has every wooden
arch and every lingering ray of light as
a treasure map co-written by the wind
and the branches and leaves. Every act
of moving and collaborating together is a
warm coronation of the little adventurers'
courage and friendship.

ECO-WOOD SERIES BLACK LOCUST WOOD FINNISH WOOD

生态木质系列 刺槐木 / 芬兰木

木质对自然与童趣的完美诠释。精选优质天然木材，经过环保工艺处理，每一件产品都散发着温暖的质感与自然的芬芳。无论是原木滑梯、攀爬架，还是木质秋千，都以简约而不失趣味的设计，为孩子们打造一个安全、健康、充满自然气息的游乐空间。

木质不仅是材质，更是情感的传递。不仅让孩子们在游戏中感受自然的魅力，更能激发他们的探索欲与创造力。

Wood is the perfect interpretation of nature and childlike fun. Selected premium natural timber and treated with eco-friendly processes, each product exudes a warm texture and natural fragrance. Whether it's a solid wood slide, climbing frame, or wooden swing, these designs combine simplicity with playful charm to create a safe, healthy, and nature-filled play space for children.

Wood is more than just a material; it is a carrier of emotions. It not only lets children experience the charm of nature through play, but also sparks their curiosity and creativity.

CLASSIC FUN SERIES ECO-FRIENDLY PLASTIC

经典趣玩系列 环保塑料

我们以工业化精密标准重塑经典滑梯，将高密度PE材质与防紫外线工艺融入每一道弧线，让滑梯的流畅度与耐用性经得起十年风吹日晒。模块化设计赋予它“积木式”的自由灵魂——直梯、螺旋梯、波浪梯随心组合，适配社区、校园、商超等全场景需求，快速落地，即刻唤醒场地的活力基因。

We reimagine the classic slide with industrial precision standards, integrating high-density PE material and UV-resistant technology into every curve, ensuring the slide's smoothness and durability withstand the test of a decade of wind and sun exposure. Modular design endows it with a "building block" spirit of freedom — straight slides, spiral slides, and wave slides can be combined at will to meet full-scenario needs, from communities and campuses to shopping malls. Quick to install, it instantly awakens the vitality of the venue.

SUPPORTING SERIES STANDARD PRODUCTS

配套系列 标准化产品

标准化产品专为追求高效、稳定与普适性的客户量身打造的标准化产品解决方案。我们以国际安全标准为基石，结合模块化设计与成熟生产工艺，确保每一件产品都具备卓越的耐用性与普适性。无论是社区公园、学校操场，还是商业综合体，都能快速适配，轻松满足全年龄段儿童的游乐需求。

Standardized products are designed as tailor-made solutions for customers seeking efficiency, stability, and universality. Based on international safety standards, and combined with modular design and mature manufacturing processes, we ensure that every product boasts excellent durability and versatility. Whether it's a community park, school playground, or commercial complex, our products can be quickly adapted to easily meet the recreational needs of children of all ages.

抗倍特板材 COMPACT LAMINATE

抗倍特板是木制纤维与热固树脂经高压聚合制成的高强平板，采用特殊技术而形成的一体化着色树脂装饰化表层，厚度较传统防火板更厚，具坚固、耐冲击、防水、耐潮湿的特性。

Compact board is a high-strength flat panel made by high-pressure polymerization of wood fibers and thermosetting resin. It features an integrated colored resin decorative surface layer formed using special technology. It is thicker than traditional fireproof boards and has characteristics of sturdiness, impact resistance, waterproofness, and moisture resistance.

304 不锈钢 304 STAINLESS STEEL

304 是一种通用性的不锈钢，它广泛地用于制作要求良好综合性能（耐腐蚀和成型性）的设备和机件。我们户外用料需保持不锈钢所固有的耐腐蚀性，含量指标更加严格。

304 is a versatile stainless steel that is widely used to manufacture equipment and components requiring good overall performance, such as corrosion resistance and formability. For our outdoor materials, it is necessary to maintain the inherent corrosion resistance of stainless steel, with even stricter content standards.

镀锌钢管 GALVANIZED STEEL PIPES

镀锌钢管表面有热浸镀或电镀锌层的焊接钢管。镀锌可增加钢管的抗腐蚀能力，延长使用寿命。我们户外设备使用更坚固牢靠的材质。

Galvanized steel pipes are welded steel pipes with a hot-dip or electroplated zinc layer on the surface. Galvanization can increase the steel pipe's corrosion resistance and extend its service life. Our outdoor equipment uses stronger and more reliable materials.

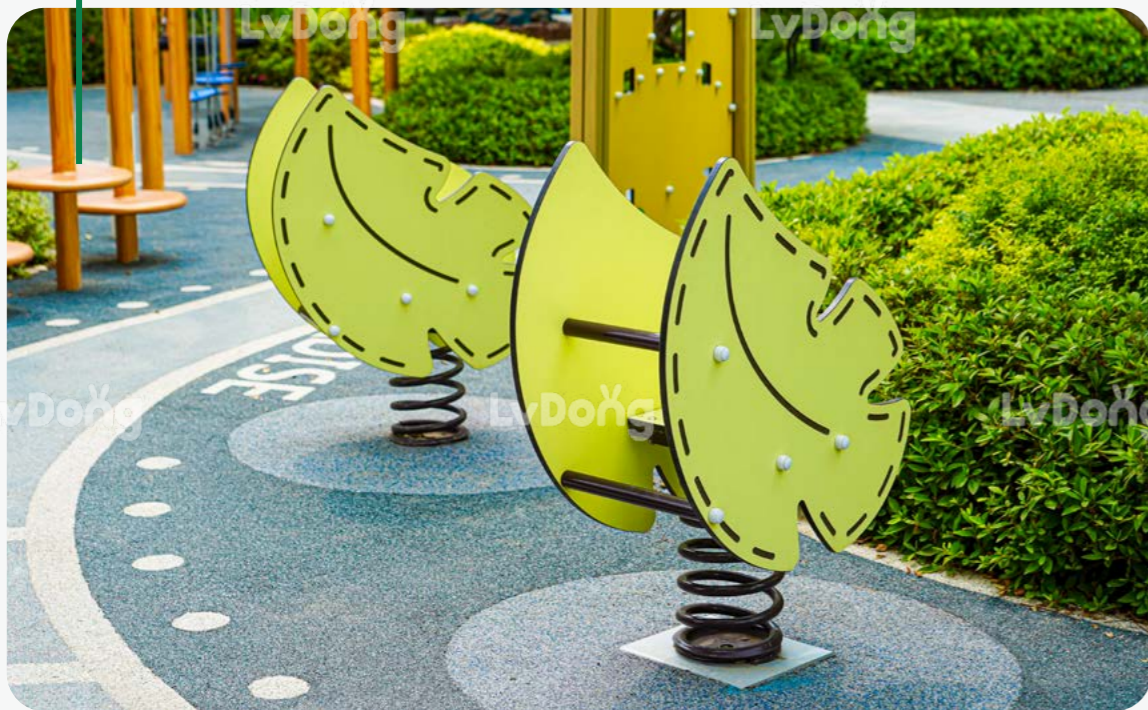

SPRINGER 摇摇乐

摇摇乐是一个令人兴奋的弹簧游戏，一次又一次地吸引和支持孩子们不懈的玩耍。摇摆的感觉是一种很好的运动反应，除了乐趣之外，还为孩子的游戏增添了一种控制感。训练孩子的平衡感和空间感以及腿部和手臂肌肉，同时紧紧握住并用力将脚推入脚部支撑。所有这些基本的运动和肌肉技能都有助于训练孩子的身体认知能力，支持重要的生活技能，例如能够在椅子上静坐或安全驾驶。

早教户外游乐中最基础的设施，让儿童的在简单重复的摇摆中找到快乐，促进亲子互动关系。相比一般市面上的摇摇乐，我们采用最优的材质——抗倍特，在安全、颜色和耐用上更具有优势。

The Springer is an exciting spring-based game that captivates and encourages children to play with unwavering enthusiasm. The rocking sensation delivers an excellent motor response, adding a sense of control to children's play beyond pure fun. It trains children's balance and spatial awareness, as well as leg and arm muscles, as they grip tightly and push forcefully against the foot supports. All these fundamental movement and muscle skills contribute to developing children's physical cognition and support essential life skills, such as the ability to sit still or drive safely. As one of the most fundamental facilities in early childhood outdoor play, the Springer allows children to find joy in simple, repeated rocking motions and promotes parent-child interaction. Compared with ordinary springers on the market, we use premium materials—Compact Laminate—offering superior advantages in safety, color vibrancy, and durability.

把手

身体素质: 可以训练手和手臂的肌肉。

平衡能力: 握持更多区域的可能性确保了良好的抓地力，这是剧烈摇摆所必需的。

Handles

Physical Fitness: Strengthens hand and arm muscles.

Balance Ability: The possibility to grip more areas ensures a good hold, which is necessary for vigorous rocking.

主题

逻辑认知: 提出一个主题并支持戏剧表演，从而激发语言和沟通技巧。

Theme

Logical Cognition: Propose a theme and support dramatic play, thus stimulating language and communication skills.

足部支撑

身体素质: 良好的支撑杆支持剧烈摇摆。摇摆可以激发平衡感和空间感，这是安全管理世界的基础。剧烈摇晃也支持协调性和肌肉力量。

Foot Support

Physical Fitness: A good support bar supports vigorous rocking. Rocking can stimulate the balance and spatial awareness, which is the foundation of safely navigating the world. Vigorous rocking also supports coordination and muscle strength.

摇摆弹簧

逻辑认知: 训练对因果的理解：当孩子移动身体时，弹簧会响应运动。

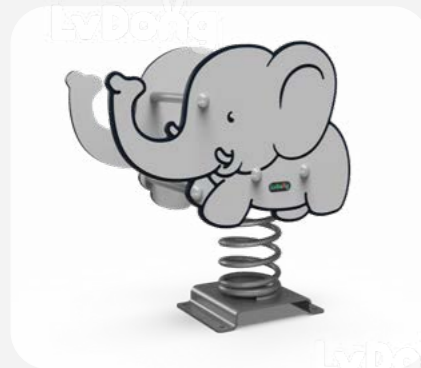

平衡能力: 对运动的反应增加了空间意识和平衡感。这些是基本的运动技能，可以帮助孩子坐在椅子上保持良好的平衡感。

Rocking Spring

Logical Cognition: Trains the understanding of cause and effect: the spring responds as the child moves their body.

Balance Ability: The response to movement enhances spatial awareness and sense of balance. These fundamental motor skills help children maintain a good balance when sitting on a chair.

SEESAW 跷跷板

跷跷板有助于鼓励孩子们一起玩耍，一起摇摆。现代设计和坚固的手部和脚部支撑让许多不同能力的孩子一起玩耍，感知其他人的运动。把手牢固方位面全，两边的座位尺寸够大，适合大人和小孩。训练孩子们的肌肉和运动技能，以及他们的平衡和协调能力。跷跷板的宽敞性支持社交情感技能的发展，例如合作、考虑和轮换，还可以训练孩子们对因果关系的理解。

早教户外游乐中最基础的设施，让儿童的在简单重复的摇摆中找到快乐，促进亲子互动关系。相比一般市面上的摇摇乐，我们采用最优的材质——抗倍特，在安全、颜色和耐用上更具有优势。

The seesaw encourages children to play and sway together. Its modern design and sturdy hand and foot supports allow children of various abilities to play together, and perceive the movements of others. The handles are firm and offer ample gripping positions, and the seats on both sides are large enough for both adults and children. It trains children's muscles and motor skills, as well as balance and coordination. The seesaw's spacious design supports the development of social-emotional skills such as cooperation, consideration and turn-taking. It also furthers children's understanding of cause and effect.

As one of the most fundamental facilities in early childhood outdoor play, the Seesaw allows children to find joy in simple repeated rocking motions and promotes parent-child interaction.

Compared with ordinary seesaws on the market, ours is made of premium materials—Compact Laminate—offering superior advantages in safety, color vibrancy and durability.

SWING 秋千

秋千是一个很棒的游戏鼓励装置。摇摆不仅是学龄儿童最受欢迎的活动，而且在学龄儿童的社交游戏中，可玩的人数越多越好，因此多人秋千极具吸引力。除了有趣的元素外，在秋千上还能锻炼重要的身体技能，如平衡、协调和肌肉力量。这包括控制和理解时间、节奏和动作的顺序，以避免在中间相遇。一起荡秋千还可以培养孩子们的社交情感。舒缓或狂野的摇摆动作既能引起兴奋，又能带来欢笑和放松。

Swings are excellent play-encouraging devices. Swinging is not only the most popular activity for school-age children, but in their social play, the more participants, the better, making multi-person swings highly appealing. Beyond the fun factor, swinging also develops important physical skills, such as balance, coordination and muscle strength. This includes controlling and understanding timing, rhythm and the sequence of movements to avoid collisions in the middle. Swinging together also fosters children's social-emotional development. Gentle or wild swinging movements can arouse excitement, as well as bring laughter and relaxation.

TURNTABLE 转盘

转盘为孩子们提供了一个极佳的游乐和交流平台，几乎没有孩子能抵抗这种游乐设施的魅力。其主要利用重力和离心力等基本能量，让孩子在上面攀爬和旋转。除了有趣的元素外，在网绳转盘上还能锻炼身体技能，如平衡、协调和肌肉力量。激发孩子冒险勇于尝试的欲望，整个网绳包裹能给孩子创造一定安全感，外面的孩子通过协助旋转还能培养孩子之间的社交情感，是一个具备多个娱乐元素的游乐设施。相比其他大型游乐设备，转盘使用周期长，维护成本低，娱乐性强，互动性好，体验感独特，家长也可外力控制速度，属于亲子互动设备。

The turntable provides children with an excellent play and interaction platform, and few kids can resist its charm. It primarily relies on basic forces like gravity and centrifugal force to allow children to climb and spin on it. Beyond the fun, the rope net turntable also helps enhance physical skills such as balance, coordination and muscle strength. It inspires children to embrace adventure and dare to try new things; the entire rope net wrapping offers them a sense of security, while kids outside can assist in spinning it, fostering social-emotional bonds among peers. It is an amusement facility with multiple entertaining elements. Compared with other large-scale amusement equipment, the turntable features a long service life, low maintenance cost, strong entertainment value, excellent interactivity and a unique experience. Parents can also manually control its spinning speed, making it an ideal parent-child interaction device.

PUZZLE BOARD 益智板

益智板以多种板面小游戏来吸引孩子们，能培养儿童的五大核心力——空间想象、逻辑推理、独立思考、专注力、创造力，形成数学思维，是一种很好的开发性户外游乐设备，除了增加乐趣和益智之外，其大小合适不占面积，且无需额外的运动量也让家长更便于照看孩子，支持重要的思考技能，能够让孩子处于静止或安静的状态。

专为户外设计，以环保材质打造，抗晒耐撞、边缘圆润，适配操场、社区、亲子农场等多场景，安全耐用。支持模块化自由拼搭，可创作出动物、数字、几何造型，还能通过触觉纹理认知色彩，单人探索或多人协作皆有趣。

The Play Panel attracts children with a variety of mini-games, fostering five core competencies—spatial imagination, logical reasoning, independent thinking, concentration and creativity—while developing mathematical thinking. As an excellent developmental outdoor amusement equipment, it not only adds fun and promotes intellectual development, but also features a compact size that saves space. Requiring no additional physical exertion, it allows parents to supervise children more easily. It supports vital thinking skills and enables children to stay still or calm. Specifically designed for outdoor use, it is made of eco-friendly materials with sun-resistant and impact-resistant performance, with rounded edges. Suitable for multiple scenarios such as playgrounds, communities and parent-child farms, it is safe and durable. It supports free modular assembly to create animal, number and geometric shapes. Children can also recognize colors through tactile textures, making it fun for both individual exploration and multi-player collaboration.

FITNESS EQUIPMENT

健身器材

本系列是专为现代社区、公园、公共绿地及康体园区设计的专业化户外健身解决方案。它超越传统单一训练器械的范畴，旨在打造一个鼓励全民参与、促进社交互动、并能科学服务全年龄段居民体能需求的开放式健康促进平台。产品研发以“主动健康”理念与人体运动科学为双重基石。所有器械均依据标准人体工学数据设计运动轨迹与阻力系数，确保动作规范、受力均衡，有效避免运动损伤。主体结构采用高强度钢材，经防锈蚀处理及静电喷涂，关键轴承与连接部件均具备高耐磨、长寿命特性，确保在日晒雨淋的公共环境中，仍能长期保持安全、顺滑与稳定的使用体验。

This series is a professional outdoor fitness solution specially designed for modern communities, parks, public green spaces, and wellness parks. Beyond the scope of traditional single-function exercise equipment, it aims to create an open health promotion platform that encourages universal participation, fosters social interaction, and scientifically meets the physical fitness needs of residents across all age groups. Product R&D is grounded in the dual principles of the "Active Health" concept and human movement science. All equipment is designed with movement trajectories and resistance coefficients based on standard ergonomic data, ensuring proper movements, balanced force distribution, and effective prevention of exercise injuries. The main structure utilizes high-strength steel, treated with anti-corrosion coatings and electrostatic spraying. Key bearings and connecting components feature high wear resistance and long service life, guaranteeing a safe, smooth, and stable user experience even under prolonged exposure to sun and rain in public environments.

WATER 水上游乐 AMUSEMENT

水上游乐系列是集互动、亲水与游乐为一体的综合性产品线，将喷水组合滑梯与各类互动喷水装置进行系统化整合，专为亲水公园、户外泳池、水上乐园及度假区等亲水场景设计。本系列以“亲水互动”与“安全嬉戏”为核心，致力于将静态水体转化为充满活力、可玩可感的动态娱乐空间。在场景适配方面，本系列具备高度的模块化与可配置性。喷水滑梯可根据场地条件组合为直道、螺旋或封闭式等多种形态；喷水装置则包含地面喷泉、互动水枪、定时淋浴等多种模式，可独立或联动布置，既能融入自然湖岸营造亲子戏水区，也可作为商业水上乐园的核心吸引点，满足从浅水区儿童游乐到深水区青少年挑战的多元需求。

The Water Amusement Series is a comprehensive product line integrating interaction, water play, and recreational fun. It systematically combines water-spray combination slides with various interactive water features, designed specifically for water-friendly environments including aquatic parks, outdoor pools, water parks, and resort destinations. Centered on “water interaction” and “safe play”, the series is dedicated to transforming static water bodies into vibrant, dynamic entertainment spaces that are both engaging and experiential. In terms of scenario adaptability, the series offers high modularity and configurability. Water-spray slides can be assembled into diverse configurations—such as straight, spiral, or enclosed types—to suit different site constraints. The water features cover multiple modes including ground fountains, interactive water guns, and timed showers, which can be deployed either independently or in coordinated arrangement. These elements can integrate into natural lake shores to create family-friendly splash zones or serve as the primary attraction in commercial water parks, effectively catering to the diverse needs ranging from shallow-water play for children to deep-water challenges for teenagers.

PRODUCT PLAY VALUE

主题

逻辑认知: 训练对因果的理解: 提出一个假设并支持实践, 从而了解如何控制水流。

Theme

Logical Cognition: Cultivate an understanding of cause and effect. Formulate hypotheses and support them through hands-on practice to grasp how to control water flow.

容器内部

协作交流: 盛水装置是水流导向, 孩子们可共同玩耍探究, 促进社交情感, 具有初步合作意图。

Inside the Container

Collaboration & Communication: The water-holding device guides the flow of water, encouraging children to play and explore together, fostering social-emotional development and initial cooperative intent.

设备主体

动手能力: 可通过自身来人为控制水流, 使设施形成不同的玩耍效果。
身体素质: 重复循环动作可以提升肌肉力量协调身体素质, 达到一定的运动量。

Main Equipment Body

Hands-On Dexterity: Children can manually control the water flow to create diverse play effects.
Physical Fitness: Repetitive cyclic movements enhance muscle strength, coordination, and physical fitness, providing moderate exercise.

水流通道

创新启发: 通过不同出水量形成各种水流形态, 引起孩子对不同水状态的构成认知。

Water Flow Channel

Innovation Inspiration: Different water volumes create various flow patterns, stimulating children's understanding of different water states.

OUTDOOR MUSICAL INSTRUMENTS 打击乐器

本系列是专为公共空间设计的互动式音乐游乐装置，将专业的音乐原理转化为可触摸、可演奏的户外乐器。它突破了传统游乐与艺术的边界，旨在创造一个无需乐理基础、人人都能参与并共同创作的开放式户外音乐广场，让旋律与节奏在自然中自由生长。产品设计以“音乐的可及性”与“环境的融合性”为核心。我们将钟琴、排鼓、管钟、雨声器等多样化的打击乐器，以坚固耐久、适于户外长期使用的外形重新演绎。所有乐器均采用特种不锈钢、热处理木材及高性能工程塑料打造，具有优异的耐候性、抗腐蚀性及稳定的声学品质，确保在任何气候下都能发出清亮、悦耳且富有穿透力的声音。

This series features interactive musical play installations designed specifically for public spaces, transforming professional musical principles into touchable, playable outdoor instruments. It transcends the boundaries between traditional play facilities and art, aiming to create an open-air music plaza where everyone can participate and co-create without any prior knowledge of music theory, allowing melodies and rhythms to flourish freely in nature.

Product design centers on two core principles: Accessibility to Music and Environmental Integration. We have recreated a diverse range of percussion instruments including chimes, tenor drums, tubular bells and rain sticks in robust, durable forms suitable for long-term outdoor use.

All instruments are crafted from specialized stainless steel, heat-treated wood and high-performance engineering plastics. These materials offer exceptional weather resistance, corrosion resistance and stable acoustic quality, ensuring the production of clear, pleasant and resonant sounds in any climatic conditions.

OUTDOOR FURNITURE

户外家具

专为高端住宅社区、星级酒店花园及精品商业空间打造，是一套将自然美学、人体工程学与社交艺术完美融合的户外休憩解决方案。它超越了传统户外桌椅的功能范畴，旨在将公共休憩区营造成一个促进交流、鼓励停留、并彰显社区品质的户外优雅客厅。

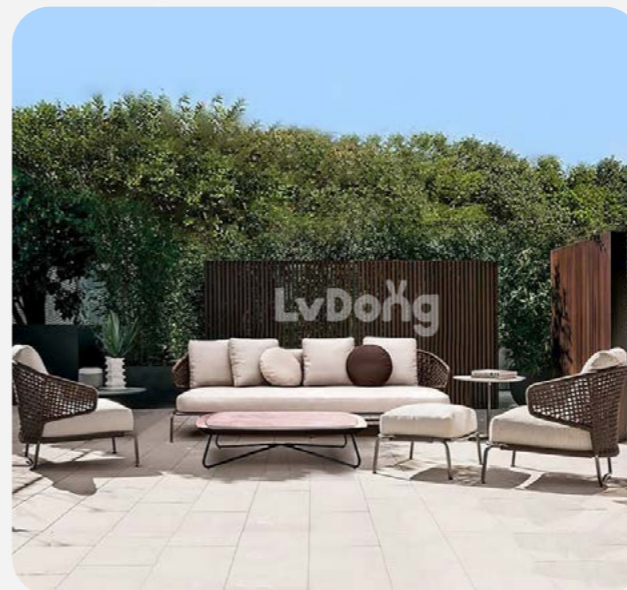

本系列产品是空间氛围的塑造者与社区活力的催化剂。一组设计精良的户外沙发与茶几，能瞬间定义一处空间的格调，吸引居民在此闲坐、阅读、会客或享受清晨咖啡。它不仅提供了身体休憩的场所，更在无形中鼓励了社区成员间的非正式交流，促进了邻里关系的升温，成为提升社区凝聚力与归属感的重要载体。

Designed exclusively for high-end residential communities, star-rated hotel gardens and boutique commercial spaces, it is an outdoor leisure solution that perfectly integrates natural aesthetics, ergonomics and the art of social interaction. It transcends the functional scope of traditional outdoor furniture, aimed at transforming public rest areas into elegant outdoor "living rooms" that foster conversation, encourage lingering, and reflect the quality of the community.

This product series serves as a shaper of spatial ambiance and a catalyst for community vitality. A set of exquisitely designed outdoor sofas and coffee tables can instantly define the character of a space, attracting residents to lounge, read, host guests or enjoy morning coffee here. It not only provides a place for physical rest, but also subtly encourages informal communication among community members, fosters warmer neighborhood relations, and emerges as an important carrier for enhancing community cohesion and a sense of belonging.

OUTDOOR 户外配套设施 SUPPORTING FACILITIES

本系列产品是专为公共空间功能完善与美学提升而设计的系统性户外配套解决方案，涵盖户外休闲椅、花箱、分类垃圾桶等核心设施。它们作为城市与社区肌理的“静默构筑师”，共同承担着定义空间气质、服务公众需求、促进社会交往、并无声传递场所精神的综合性角色。

本系列产品通过模块化设计，具备高度的场景适配性与组合灵活性，能够无缝融入从市政公园、商业街区、交通枢纽到高档社区、文旅景区的各类环境。它们共同作用，将零散的开放空间转化为功能完备、体验舒适、且具有视觉秩序感的高品质公共场所，从而提升区域吸引力、公众满意度与城市整体形象。

This product series is a systematic outdoor supporting solution exclusively designed to enhance both the functionality and aesthetics of public spaces, encompassing core facilities such as lounge chairs, flower planters, and classified trash bins. Acting as the "silent architects" of the texture of urban areas and communities, these elements collectively define spatial character, serve public needs, foster social interaction, and subtly convey the spirit of the place.

Through modular design, this product series boasts a high degree of scenario adaptability and configuration flexibility, enabling seamless integration into various environments ranging from municipal parks, commercial districts, and transportation hubs to high-end communities and cultural tourism sites. Working in harmony, they transform fragmented open spaces into high-quality public places with complete functions, comfortable experiences, and a sense of visual order, thereby enhancing regional appeal, public satisfaction, and the overall urban image.
